

- Aluminium electronic enclosure for MCR technology
- Variable width and height version using profile technology
- Constant profile depths 85 and 175 mm

Included in delivery

Enclosure with screwed rear panel; front plate and fixing elements please order separately

Technical data

Material:

AlMgSi 0,5; DIN 1725

Ingress protection:

IP 65 to front side (EN 60529)

IP 40 to mounting side

Surface resistance:

Powder coating

Colour:

jet black, RAL 9005

Temperature range:

-40° to +80°C

SE 200

Programme range
